Perspective Lite

Access to real-time reports, interrogate your school's latest data by choosing parameters for bespoke key stage reports

Collection and collation of pupil performance data and provision of analysis and reports including:

- Collection of non-statutory assessments i.e.
 - Nursery "on entry" and "end of year" data
 - Data on entry to Reception year
 - KS1 teacher assessments
- Production of individual pupil reports (in pdf format) for Phonics and end of KS2
- Production of school analysis reports for EYFS, Phonics, end of KS1, MTC and end of KS2
- Production of reports for inclusion in school prospectus for end of KS2 showing school and national results for latest year
- Production of attendance summary report
- Support on all the above

School assessment booklets

To be revised in consultation with schools, including:

- Provision of school assessment booklet and guidance notes (in pdf format)
- Provision of LA assessment booklet for comparison purposes (in pdf format)
- Transition Matrices Progress Booklets
- LA Booklet

ASP/IDSR

We will upload to Perspective Lite:

- School Summary Reports
- Ofsted Dashboards

Other

- Pupil Premium downloads
- Individual pupil data requests
- School Census dashboard
- Data support prior to and during Ofsted inspections
- Support all the above

Service Provider's Responsibilities and Performance Targets:

- Will provide assessment booklets for start of academic year
- Will ensure that the current quality of service is maintained
- Will ensure that schools receive a timely response to requests for support

School's Responsibilities if it decides to buy the package:

- The school must ensure that **complete and accurate data is available in line with the deadlines set by the Local Authority**

School's Responsibilities if it decides not to buy the package:

- There will be no access to any of the above except for the statutory data collection exercises and executive School Education Profile (page 1)
- Schools will still be required to submit to the LA the statutory data in line with deadlines set by the Local Authority and **ensure that the data is complete and accurate**

Costs

The Education Data Package is available at an annual fixed fee per school, plus an additional cost calculated based on pupil numbers.
